ECO2CARE

- **ECO2CARE** is a protector for pruning lesions and is of natural origin.
- **Effects observed during our trials:**
 - . ECO2CARE is a protective film on the injury,
 - . Has antifungal and antibacterial properties,
 - . Is sun and rain resistant,
 - . No negative effects observed.
- **Composition:** Made from natural chitin. A dose can be mixed with 0.5 liter of natural vinegar.
Stir well and 24 hours wait for use.
- **Instructions:**
 - . Apply with a soft brush or sprayer, repeat possibly after 24 hours.
 - . See also on label.
- **Note:** Stir well before use. Close pot well after use.
- **Safety:** Read and follow the instructions of this product sheet and the label. Product not harmful for the environment.
Not suitable for consumption. Avoid eye contact and after eventual eye contact rinse with water.
Ask Material Safety Data Sheet if necessary.
- **Storage:** dry, at room temperature and protected from direct light.
- **Shelf life:** No expiry date for the dry product, but preferably use up to a year after opening. Use the solution within 30 days.
- **Packaging:** 5 gr. paper bag in a paper cover.
- **Producer:** see here above.
